Skills

- ★ Software & Web Development
- ★ Object Oriented Programming
- ★ Web API Integration
- ★ Micro-Service Architecture
- ★ Relational Databases
- ★ Web Application Cyber Security

Technologies

Frontend

- Javascript, HTML & CSS
- Angular
- Typescript
- Bootstrap

Backend

- C#
- .NET Core & Framework
- Python
- Microsoft SQL server (MSSQL)

Other

- Git
- Electronic Warfare, Cyber RF, etc..
- Photoshop
- Burpsuite

Hobbies

- Gaming
- Cooking
- Martial Arts

Languages

- Hebrew ★★★★★
- English ★★★★☆
- Russian ★★★★☆

About Me

I'm passionate about programming and cybersecurity. My professional focus is on developing Websites using .NET & Angular. I also love experimenting with gadgets and staying updated on new technologies. I'm skilled in web application security and take pride in writing clear, smart code.

Employment History

FullStack Developer, Albar
Apr 2023 – Present

- Developed and maintained web applications using .NET and Angular
- Integrated with external companies using Web API and Web Service communication
- Applied best practices for securing web applications and handling sensitive data, including JWT auth and data encryption
- Developed a responsive and generic UI foundation for multiple web applications, boosting development efficiency and user experience
- Refactored legacy projects to a microservices architecture
- Managed data access with Entity Framework and SQL Server
- Worked in Agile methodology, including sprint planning, daily stand-ups, and retrospectives

Electronic Warfare & Cyber Operator, IL Air Force
Oct 2019 – Jun 2022

- Operated multiple electronic warfare systems, for attack & defence purposes under intense pressure for more than 5000 Operational shift hours
- Wide knowledge about ECM (Electronic countermeasure) & CRF (Cyber Over RF)
- Led a team as an Instruction Team Leader, and had more than 300 hours of soldier instruction, training & teaching

Education

Software Development Course, Sela College
Jun 2022 – Apr 2023

- Object-Oriented Programming with C#
- Data Structures, Algorithms, and Complexity
- JavaScript, HTML, CSS, and Frontend Frameworks (Angular React)
- .NET Framework Core, ASP.NET, MVC, WPF, WinForms, and Entity Framework
- SQL with Microsoft SQL Server

Tihon Hadash Tel-Aviv
2016 – 2019
